Additional information (all or some of the below)

This repayment covers at maximum EUR 100 000 per credit institution. This means that all deposits at the same credit institution are added up in order to determine the coverage level. If, for instance, a depositor holds a savings account with EUR 90 000 and a current account with EUR 20 000, he or she will only be repaid EUR 100 000.

[Only where applicable:]

This method will also be applied if a credit institution operates under different trademarks.
